

# ALTON CANOE CLUB

## NEWS LETTER

### Late summer 2020 revised 13 September 2020

Well it has been different this year!

What with moving to the new Sports Centre pool, the Covid19 virus and a reduced summer paddling programme all to make our lives more interesting...

...and it still goes on!

The Government restrictions on pool facilities are still in place and the Sports Centre management are not currently in a position to confirm if, when or how the Canoe Club will be able to return.

Based on this situation, we are extending the Outside Club programme for at least another 3 weeks (day-light willing) which will be reviewed again during late September in conjunction with the Sport Centre team.

Our apologies to all those who didn't paddle with us during the summer and were looking forward to the return of pools sessions, hopefully in early October.

### Outdoor meetings – extended calendar

Please see the updated calendar attached

### Alton Canoe Club AGM

**Saturday 26<sup>th</sup> September 2020 - 12.00 noon. Basingstoke Canal. Odiham.**

As we have no idea what the virus restriction will be in late September, plus the new Sports Centre doesn't have a meeting room on site to hire (even if there weren't any restrictions..) we have decided to have an outdoor AGM this year!

**Outdoor AGM meeting cancelled and a 'Zoom' meeting arranged instead – same day and time.**

A copy of last year's minutes is available on our website.

Please see the additional information attached and try to join us.
